

Truth for Today

World Mission School

HIGHLIGHTS

OUR WORK IN BRAZIL

TFTWMS provides studies of the Scriptures to preachers and teachers who speak Portuguese in Brazil, Portugal, and Mozambique. With the help of excellent translators, nearly 2,000 copies of each of the 12 issues per year are produced and sent to these men.

On June 2, 2020, one missionary in Niterói, Brazil, expressed his thanks for the biblical studies and reported the “incredible impact” they have had in Brazil. “So many people use your booklets to study and these have been an enormous resource for hundreds of people,” he said. “At the church where we serve we have a library with your studies and allow members to check out the materials.”

Covering the Continents: Sending Studies of the Life of Christ to Latin America

Truth for Today World Mission School (TFTWMS) is furthering its outreach of covering one-tenth of the world year by year with the two-volume study of *The Life of Christ*. This harmony of the life of Christ will go in Spanish to national preachers and teachers throughout Latin America later this year. The Portuguese studies are translated and will be made ready for distribution. We are locating key men to help in each country. For more information on how you can help, contact TFTWMS at

lifeofchriststudies@biblecourses.com or 501-268-7588.

A Note from Eddie Cloer:

We send our thanks to many churches and individuals who are continuing to donate to this global mission work! Further distribution of the sets of *The Life of Christ* to Africa is taking place. In June, 240 sets will go by container to Liberia. Other sets will be sent by container to men in Ghana and Kenya later this year. I am contacting brethren about our big effort for 2020: *The Life of Christ* studies for Latin America!
