

A Year

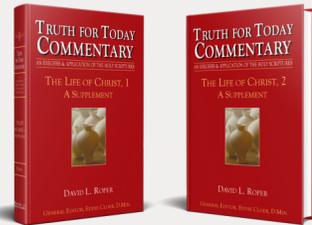

in the Word

TFTWMS has developed 3 year-long studies designed to prepare congregations for evangelical work. Each study includes 4 sets of commentaries by David Roper, lesson plans and necessary helps and extra study materials to teach classes and sermons, and accompanying video series.

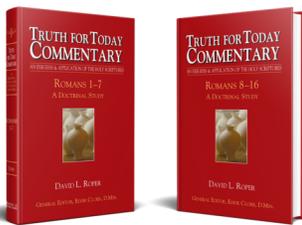

YEAR 1

The Life of Christ Challenge

A thorough study, taking the reader through a chronological synopsis of the four Gospels. This study allows readers to develop a deeper relationship with Christ and learn about who he is and his mission on Earth.

YEAR 2

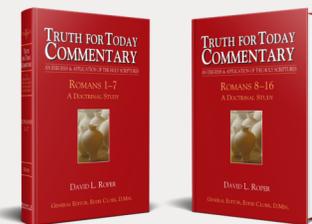

Acts: Going Forward With Christ's Mission

Following The Life of Christ, Acts takes Jesus' Great Commission and puts it in action. This study shows the growth of the early church with important insights on baptism and teaching others who Christ was.

YEAR 3

Romans: Salvation for All

Finally, Romans takes the reader through an in-depth discourse of what it means to be a Christian. Paul covers many important aspects of Christianity including salvation, grace, justification, law, government, the Holy Spirit, and the providence of God.
